Student Retention Statistics

Section 490 of the Higher Education Amendments of 1992 (P.L. 102-325) requires that “institutions will complete surveys conducted as part of the Integrated Postsecondary Education Data System (IPEDS)... to the satisfaction of the Secretary.”

In compliance, Mitchell Community College tracked 328 first-time, full-time college students enrolled in Fall 2012 and determined that 54 percent of these students either returned to the College in Fall 2013 or completed a program. The College also tracked 224 first-time, part-time college students enrolled in Fall 2012 and determined that 46 percent of these students had either returned to the College in Fall 2013 or completed a program.
