What if I changed my program of study?

What work do you want to include? In-Progress work included

Step Three: Look for the Courses you still need to take. Anything with an "IP" means it is a course that is in progress right now. Anything that lists "credits needed" is a course that you still need to complete for your degree. There are other codes like "IP" you may see, there is a key located at the bottom of the page (not shown here).
